## Martin Professional is main sponsor of Showlight 2009

Showlight 2009 is delighted to announce that Martin Professional is to be the main sponsor for the event, which is being held in Glasgow, 16-19 May 2009.

Organised by lighting professionals for lighting professionals, Showlight exists specifically to give people time to talk, to discuss ideas and to mix with some of the best known names in the lighting industry. It is only the support given by companies such as Martin Professional, by providing generous 'seed' money, that enables Showlight to take place.

Mark Ravenhill, Vice President, Television and Theatre Lighting, Martin Professional, says: "Showlight is unique and has emerged as one of the most important events for lighting professionals, an invaluable asset to the ongoing development of the industry. A coming together of minds and talent, it is unlike any other trade event. It is exceptionally fruitful for us as it provides the opportunity for real two way dialogue - an unequalled chance to network with some of the top names in the industry as well as introduce Martin Professional to emerging lighting practitioners. We look forward to meeting our industry colleagues amidst the outstanding facilities at the BBC Studios in Glasgow."

Showlight 2009 takes place in Glasgow, 16-19 May 2009. If you would like to make a contribution in the form of a paper, email [papers@showlight.org](mailto:papers@showlight.org) before the end of May
